

The Osborn Volunteer Fire Dpt Needs You

[This Photo](#) by Unknown Author is licensed under [CC BY-SA](#)

The Osborn Fire Department has been answering fire and EMS calls with only three active members for the last two years. As of the end of December we will only have two members. With only two people we cannot provide the level of service the town needs and expects. Not only can we not be available all day every day of the year we should not be expected to be the only ones doing this. We need help. We need people who either have a CDL license or are willing to take a weekend course on driving emergency vehicles. We need people who have EMS training or are willing to learn. We need firefighters. We need pump operators. We need ground support help. We need those with no experience who are willing to learn and help. **We Need You!**

Please come and talk to us if you are willing to help your town, your neighbors, your families and friends by helping the fire department. This is the only way the fire department can continue to exist and do the things that need to be done to protect the town. Thank-you in advance to those who will stand up and join the fire department.
